# REFRIGERATED DISPLAY CASES FOR ASSISTED SERVICE

## Pedestal for the combination with refrigerated display cases for assisted service

### Design

Square tube frame covered all around with CNS 1.4301. With height-adjustable feet (+/- 12 mm).

### SLIDE IN - for self-contained combination

Pedestal covered all around with CNS 1.4301. Compressor of refrigeration appliance built into the square tube frame (with louver blinds). Compressor air intake and discharge on operator side or according to customer request. Pedestal covered with CNS with installation compartment, cover panel fixed onto the well of the body on operator side, display built into the control panel.

### SLIDE IN - for remote combination

Pedestal covered with CNS with installation compartment, cover panel fixed onto the well of the body on operator side; display built into the control panel.

### Not covered

Pedestal open all round (cladding provided by the customer)
